ACTIVITY 41

# Which Syllable Type?

Identify the syllable type of each word or underlined syllable.

- |                    |       |                      |       |
|--------------------|-------|----------------------|-------|
| 1. lump            | _____ | 11. monster          | _____ |
| 2. smoke           | _____ | 12. <u>mo</u> isture | _____ |
| 3. she             | _____ | 13. <u>si</u> mple   | _____ |
| 4. speech          | _____ | 14. <u>hun</u> ded   | _____ |
| 5. clutch          | _____ | 15. <u>so</u> lo     | _____ |
| 6. strict          | _____ | 16. <u>per</u> fect  | _____ |
| 7. thirst          | _____ | 17. <u>ext</u> reme  | _____ |
| 8. porch           | _____ | 18. <u>pub</u> lish  | _____ |
| 9. stray           | _____ | 19. <u>circ</u> le   | _____ |
| 10. <u>bot</u> tle | _____ | 20. <u>frequ</u> ent | _____ |

## TRY THIS

### 5 Syllable Types Concentration Game

1. Create a concentration game board using the template on page 137.
2. Prepare the game board as an overhead transparency.
3. Choose six words or syllables.
4. Write these words or syllables randomly in the empty spaces on the game board.
5. Write the syllable types that represent each word or syllable randomly in the remaining spaces. (Up to six syllable types can be represented.)
6. Cover each of the squares with small sticky notes.
7. Place the transparency on the overhead projector.
8. Divide students into teams and determine a rotation.
9. Teams take turns calling out pairs of coordinates (e.g., A3 and B3) to search for a word and a syllable type that match.
10. Uncover the spaces that corresponds to the coordinates.
11. If the word and syllable type match, the team gets a point.
12. If the word and syllable type do not match, cover the two spaces again with sticky notes.
13. Each team gets only one turn, regardless of whether the team has scored a point.
14. The game continues until all of the spaces have been uncovered.
