

June 2016

Dear Customer,

Thank you for purchasing the new Test of Integrated Language & Literacy Skills™ (TILLS™)!

Since publication, we have identified three errors that need to be corrected in your TILLS *Examiner's Manual*. When you open your TILLS kit, please turn to the following pages in your *Examiner's Manual* and make these corrections:

1. On page 141, in the legend for Figure 4.8.2, change the word “*low*” to “*high*,” so it reads, “*Quadrant profile for Randy. He is showing high scores on sound/word level abilities.*”
2. On page 161, in the Written Expression–Discourse (WE-Disc) column, locate the cell that aligns with a Standard Score of “2.” This cell should read “*48-52*” rather than “*48.*” A corrected version of page 161 can be found on page two of this document. Please feel free to print and place it inside your *Examiner's Manual*.
3. On pages 193 and 194, several values in the Identification Core Composite column have been corrected. Corrected versions of pages 193 and 194 can be found on pages 3 and 4 of this document. Please feel free to print and place them inside your *Examiner's Manual*.

If you have questions about any of these corrections, do not hesitate to contact me for further clarification.

Sincerely,  
Sharon Larkin
