

# FAIR IS NOT ALWAYS EQUAL.

Teaching

is a lot like

Doctoring

Kids go to a doctor **with different needs:**

I scraped my knee!

My stomach hurts!

I think my arm is broken!

I have a cough!

What if the doctor said the **same thing** to all of them?

Here's some cough medicine!

Only **one kid** would get what he needs.

And that's **not fair.**

It's the same thing in a classroom.

Every student has **different needs:**

I have trouble focusing for more than 15 min.

I think better when my hands are busy.

I can talk about what I know better than I can write about it.

I can't grip a pen or pencil.

So **different students** should get **different things** to help them succeed.

Classroom breaks; tests taken over multiple days

Fidget toys and tactile activities

Creating a video instead of composing a paper

Modified writing utensils; writing on a computer instead

And *that's* what makes a classroom **fair for everyone!**
